Form No. MR-3
SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 2024

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Fabino Enterprises Limited (Formally Known as Fabino Life Sciences Limited)
Jeevan Vihar Extension,
Near Shubham Garden Murthal Road,
Sonipat,
Haryana -131001

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Fabino Enterprises Limited (Formally Known as Fabino Life Sciences Limited)** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information, management representations provided by the Company, its officers, agents and authorized representatives during the conduct of the Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2024 complied with the statutory provisions listed hereunder and also that the Company has proper board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company as per Annexure I for the financial year ended on **March 31, 2024** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. GLOBAL ECONOMY REVIEW:

The world population has tripled since the 1950s and continues to increase. Populous middle-income countries account for the lion's share of the growth in world population between 2010 and 2025. And if the current trend continues, the majority of the next billion will be born in low- and middle-income countries. With a population of 1.39 billion in 2021, India is the second-most populous country in the world. The population is estimated to grow at a CAGR of 0.9% from 2022 to 2026, replacing China as the most populous country. African countries are forecasted to witness a CAGR of 2-4% between 2022 and 2027, where the prevalence of infectious diseases is high. It is expected that Asia and Africa will witness the addition of 600 million people in the current decade.

Source: UNDP World Population Prospects-2022, Frost & Sullivan Note: 2022-2027 data is forecasted

Simultaneously, with a growing population and increasing life expectancy, there is also a growing burden of the aging population with higher healthcare needs. The aging of the population increases the prevalence of acute and chronic illnesses and drives pharmaceutical consumption. As per United Nations, the global number of people aged 65 years and above is expected to double in 30 years, increasing to 1.5 billion by 2050. This population group is witnessing a faster growth rate than younger age groups globally, resulting in 16% of the total population in 2050 as opposed to 8% in 2016.

Economic prosperity is also linked to urbanization to a certain extent. According to The World Bank, in 2021, nearly 57% of the world's population lived in cities, up from 54% in 2016. This growth in urbanization is expected to continue. By 2050, with the urban population, more than doubling its current size, nearly 7 of 10 people (~70%) will live in cities. However, urbanization also brings healthcare challenges such as pollution-related respiratory problems, sedentary lifestyle-related chronic diseases, and high population density-associated infectious disease spread. It will lead to added healthcare and pharmaceutical expenditure. It is also reflected in the growth in global healthcare expenditure, which has risen from 9.3% of GDP in 2013 to 9.8% of GDP in 2019

In early 2023, the global economy showed positive signs of stabilisation, despite increased financial market volatility, which posed a risk of market repricing. Central banks responded promptly by tightening policies to curb inflation, resulting in strong liquidity and capital positions for banks. The global economy is gradually rebounding from disruptions in supply chains, energy, and food supply caused by the Russia-Ukraine conflict. The success of monetary policies implemented by central banks worldwide is a positive

indicator. Nonetheless, there are some uncertainties in the economic outlook due to unexpected shocks. According to the World Bank's projections, by the end of 2024, GDP levels in emerging and developing economies will be roughly 6% below the levels expected before the COVID-19 pandemic. Although global inflation is expected to moderate, it will remain above pre-pandemic levels. This situation presents an opportunity to promote sustainable growth and invest in people to help these economies achieve long-term growth and development.

As per the World Bank's latest India Development Report, India remains one of the fastest growing major economies in the world, despite challenging global environment. As per the National Statistical Office (NSO), the country's real GDP growth during FY23 is estimated at 7.2%, as compared to 9.1% in FY22. The recent economic growth in India can be attributed to the resurgence of private consumption, which has replaced export stimulus as the primary driver of growth. With near-universal vaccination coverage, consumer sentiment has improved, resulting in a surge in spending on contact-based services such as restaurants, hotels, shopping malls, and cinemas. Production activity and capacity utilisation growth have been observed across various sectors.

2. **INDIA'S ECONOMIC REVIEW:**

As per the World Bank's latest India Development Report, India remains one of the fastest growing major economies in the world, despite challenging global environment. As per the National Statistical Office (NSO), the country's real GDP growth during FY23 is estimated at 7.2%, as compared to 9.1% in FY22. The recent economic growth in India can be attributed to the resurgence of private consumption, which has replaced export stimulus as the primary driver of growth. With near-universal vaccination coverage, consumer sentiment has improved, resulting in a surge in spending on contact-based services such as restaurants, hotels, shopping malls, and cinemas. Production activity and capacity utilisation growth have been observed across various sectors.

The Indian pharmaceutical industry has become a thriving sector, producing a range of medications and vaccines at affordable prices. Known for its expertise in generic drugs, biosimilars, and biologics, the industry has grown at a CAGR of 9.43% over the past nine years, making it the third-largest pharmaceutical producer by volume. The market is comprised of segments such as contract research and manufacturing, bulk drugs, and over-the-counter medications. The Pharma sector currently contributes to around 1.72% of the country's GDP. India has a significant presence in the global API market, with 500 Indian API producers accounting for around 8% of the market. India is also a major player in the global exports of generic drugs, meeting around 20% of the demand. The country has the largest number of pharmaceutical manufacturing facilities that comply with USFDA standards outside the US. The Indian pharmaceutical market is predicted to reach US\$65 billion by 2024 and US\$130 billion by 2030, with Indian pharma companies having a significant share in the US and EU prescription market. The government is committed to improving healthcare, with an estimated expenditure of over 2% of the country's GDP on healthcare in FY22. The government is also aiming to increase the penetration of health insurance, which is likely to boost the industry's growth further.

4. INDUSTRY STRUCTURE AND DEVELOPMENTS

✚ Overview of Global Industry:

As economies and per capita spending power grows, demand for quality healthcare increases, healthcare infrastructure & insurance mechanisms expand, and COVID-19-induced health-oriented behaviours persist- the spending on pharmaceutical products can also be expected to grow. Aside from economic and behavioural changes, the growing burden of aging populations, chronic diseases, and the discovery of new drugs & disorders will also drive the demand for medicines. In addition, to innovation and growing disease burden, exclusivity losses leading to the introduction of low-cost generics in the market, are making drugs more affordable for the larger population, and improved healthcare services with better accessibility are leading to increased treatment rates, thus cumulatively propelling the pharma market growth

The overall pharmaceutical spending grew from USD 1,070 billion in 2018 to USD 1,287 billion in 2021 at a CAGR of 6.3%. During the pandemic, there were minor aberrations mainly due to supply chain disruptions and challenges in accessing healthcare facilities. However, the negative impact was offset by increased spending on COVID-19 therapeutics, keeping the market growth upward. Beyond 2021, the global pharma market is expected to grow at a CAGR of 4.7% till 2027, reaching USD 1,695 billion.

Overview & Developments of the Indian pharmaceutical Industry

The Indian Pharmaceutical industry is currently ranked third in pharmaceutical production by volume after evolving over time into a thriving industry growing at a CAGR of 9.43% since the past nine years. India has highest number of pharmaceutical manufacturing facilities that comply with the US Food and Drug Administration (USFDA) and has 500 API producers that make for around 8% of the worldwide API market.

Indian pharmaceutical sector supplies over 50% of global demand for various vaccines, 40% of generic demand in the US and 25% of all medicine in the UK. The domestic pharmaceutical industry includes a network of 3,000 drug companies and ~10,500 manufacturing units. India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers with a potential to steer the industry ahead to greater heights.

Indian pharmaceutical industry is known for its generic medicines and low-cost vaccines globally. Transformed over the years as a vibrant sector, presently Indian Pharma ranks third in pharmaceutical production by volume. The Pharmaceutical industry in India is the third largest in the world in terms of volume and 14th largest in terms of value. The pharma sector currently contributes to around 1.72% of the country's GDP.

Market size of India pharmaceuticals industry is expected to reach US\$ 65 billion by 2024, ~US\$ 130 billion by 2030 and US\$ 450 billion market by 2047. According to the government data, the Indian pharmaceutical industry is worth approximately US\$ 50 billion with over US\$ 25 billion of the value coming from exports. About 20% of the global exports in generic drugs are met by India.

The pharmaceutical industry in India is a significant part of the nation's foreign trade and offers lucrative potential for investors. Millions of people around the world receive affordable and inexpensive generic medications from India, which also runs a sizable number of plants that adhere to Good Manufacturing Process (GMP) standards set by the World Health Organization (WHO) and the United States Food and Drug Administration (USFDA). The Indian Government has taken many steps to reduce costs and bring down healthcare expenses. The National Health Protection Scheme, which aims to offer universal healthcare, the ageing population, the rise in chronic diseases, and other government programmes, including the opening of pharmacies that offer inexpensive generic medications, should all contribute to boost the Indian pharmaceutical industry. Some of the initiatives taken by the Government to promote the

pharmaceutical sector in India are; 1) The government earmarked Rs. 1,000 crore (US\$ 120 million) for the promotion of bulk drug parks for FY25, a significant increase from the previous year; 2) The total outlay for the development of the pharmaceutical industry for FY25 was increased to Rs. 1,300 crore (US\$ 156.5 million) while the budget for the promotion of medical device parks was raised to Rs. 150 crore (US\$ 18 million) for FY25.; 3) The allocation for assistance to medical device clusters for common facilities (AMD-CF) was pegged at Rs. 40 crore (US\$ 4.1 million) for FY25.; 4) The outlay for the Jan Aushadhi scheme, the initiative to provide affordable generic medicines in the country, was hiked to Rs. 284.5 crore (US\$ 34 million) for FY25, up from Rs. 110 crore (US\$ 13 million) in the revised estimate for FY24

5. OPPORTUNITIES AND THREATS

Opportunities of Pharmaceutical Industry

- 1. Government support:** The Indian government has also undertaken several policy initiatives to boost the sector. Some notable initiatives include: The new National List of Essential Medicines was released in September 2022 after a gap of seven years, with the intent to promote the rational use of medicines based on cost, safety and efficacy. It is also the factor for which the industry is flourishing to this day. The laws and taxes are often in their favour.
- 2. New Sector:** To provide a larger range of services, our has started its new division with manufacturing units for herbal and Ayurvedic products, with aim towards offering top-quality products which undergo numerous tests before they reach consumers. We've made our products such that they are easily accessible and affordable for everyone.
- 3. Growing space:** This industry is still in its growing phase, according to the Life Cycle of an Industry. So, it can still go a long way and spread its wings further apart. So, it can still take control over the market, given the right marketing and advertising.
- 4. Foreign investment:** Per India's Consolidated FDI Policy, foreign direct investment in the pharmaceutical sector in greenfield (new) projects is permitted up to 100% without the approval of the Department of Pharmaceuticals (the "DoP"). Separately, FDI up to 100% is permitted for the manufacturing of medical devices for both Greenfield and Brownfield projects without the approval of the DoP

Threats of Pharmaceutical Industry

- 1. Demand for a skilled workforce:** The pharmaceutical industry requires a workforce that has significant knowledge, experience, and skills. Training the workforce helps to acquire the necessary skills to ensure, enhance and improve their participation in their daily tasks. This will also help to fill in any skills gaps that may be observed in the workforce
- 2. Supply chain disruption:** Supply chains have witnessed an unprecedented disruption all around the world, and this represents one of the major challenges facing the pharmaceutical industry. Pharmaceutical industry have faced supply chain disruptions, Many pharma companies are looking to supply chain innovations and circular supply chain models to tackle these challenges and build business resilience.
- 3. Regulatory compliance:** Pharmaceutical companies must comply with various regulations, from clinical trial requirements to manufacturing and distribution standards. Keeping up with these regulations can be daunting, and failure to comply can result in costly fines and reputational

damage.

4. **R&D Costs:** Developing new drugs and treatments is an expensive and time-consuming process. With rising R&D costs and increasing pressure to deliver results, pharmaceutical companies must be able to streamline their research processes and optimize their resources.
5. **Pricing pressure:** Pharmaceutical companies face increasing pressure to control the cost of their products, both from government regulators and consumers. This pressure can lead to lower profit margins and increased competition, making it harder for companies to invest in R&D and bring new products to market.

6. ECONOMIC OUTLOOK

The global economy's baseline scenario indicates a slight decrease in output growth from 3.4% in 2022 to 2.8% in 2023, followed by a rise to 3% in 2024. Although these estimates are lower than expected due to adverse shocks in early 2022, there are still signs of positive growth.

According to the IMF, advanced economies are expected to experience a decrease in growth by half, slowing down to 1.3% in 2023 before increasing to 1.4% in 2024. Almost 90% of these economies are projected to experience a decline in growth in 2023. Conversely, emerging markets and developing economies are predicted to experience more robust growth than advanced economies, with a projected growth rate of 3.9% in 2023 and 4.2% in 2024. However, these estimates may vary across regions. Low-income developing countries are expected to grow by an average of 5.1% over 2023-24, indicating an optimistic outlook.

However, the IMF cautions that the growth in per capita income of low-income developing countries may be lower than that of middle-income economies, which could impede progress towards achieving equal living standards among all countries.

India's economy has received a boost from various factors, such as the presence of a young and tech-savvy population and a strong emphasis on innovation. Despite facing headwinds from global geopolitical events, the economy is anticipated to grow 6.3% for the current fiscal year FY24, as per the World Bank. The government has taken steps to improve healthcare access, with initiatives like the Ayushman Bharat programme, which aims to provide free healthcare insurance coverage to more than 500 million people, and the National Health Stack, which aims to create a unified digital healthcare system across India. These measures are expected to fuel the economy's growth and contribute to better health outcomes for the population.

According to IQVIA, the pharmerging markets are expected to grow 5-8% in spending through 2027. On the other hand, lower-income countries are expected to experience a CAGR of 4.5-7.5% in spending growth, with projected spending of US\$29-33 billion by 2027.

7. RISKS AND CONCERN

1. **Regulations and directives:** Pharma manufacturing is already highly regulated, with manufacturers continually refining their processes to overcome substantial compliance obligations and costs. Unfortunately, compliance will become even more challenging in the coming years. The U.S. Food and Drug Administration (FDA) recently issued pharma industry guidance documents that impact how organizations collect, manage and submit quality data.
2. **Cyber security and data protection:** Cyber security threats are a major concern for nearly every industry, but according to IBM's latest report, pharma ranks among the top three industry verticals for the highest average cost of a data breach. In 2023, the global average cost of a data breach in the pharma industry was an eye-watering \$4.82 million.

3. **Financial risks:** These risks are pertaining to effective and efficient utilisation of the financial resources like currency fluctuations, credit risks, liquidity risks, etc. These can impact financial performance of the company like revenue, profitability, and liquidity etc. Ownership of these risks would be with the CFO.
4. **Operational risk:** These risks are pertaining to business operations like production capacity, quality assurance, customer demand, availability of materials, human safety etc. which can impact on business. Ownership of these risks would be with Operations team

INDEPENDENT AUDITOR'S REPORT

TO MEMBERS OF FABINO LIFE SCIENCES LIMITED

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of **Fabino Life Sciences Limited** which comprise the Balance Sheet as at **31st March 2024**, and the Statement of Profit and Loss and Cash Flow Statement, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. (hereinafter referred to as the “standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2015, as amended, (“AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and Loss account and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no Key Audit Matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up

to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT ON THE FINANCIAL STATEMENT OF FABINO LIFE SCIENCES LIMITED FOR THE YEAR ENDED 31ST MARCH 2024

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Fabino Life Sciences Limited** ('the Company') as of 31st March, 2024 in conjunction with our audit of the AS financial statements of the Company for the year ended on that date.

Opinion

We have audited the internal financial control with reference to financial statement of Fabino Life Sciences Limited (“The Company”) as of 31st March 2024 in conjunction with our audit of the financial statement of the company at and for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

INDEPENDENT AUDITOR'S REPORT
TO MEMBERS OF
FABINO LIFE SCIENCES LIMITED

Report on the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Fabino Life Sciences Limited** (hereinafter referred to as “the Holding Company”), and its subsidiary Upendar Metaplast Private Limited (Holding Company and its subsidiary together referred to as “the Group”) which comprise the Consolidated Balance Sheet as at **31st March 2024**, and the Consolidated Statement of Profit and Loss (Including Other Comprehensive Income) and Consolidated Cash Flow Statement, and Consolidated notes to the financial statements, including a summary of significant accounting policies and other explanatory information. (hereinafter referred to as the “Consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2015, as amended, (“AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and Loss account and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no Key Audit Matters Reportable as per SA 701 issued by ICAI.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the consolidated financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider

quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "**Annexure A**", a statement on the matter specified in the paragraph 3 and 4 of the Order.
2. As required under provisions of section 143(3) of the Companies Act, 2013, we report that:
 - a. We have obtained all the information and explanations which to the best of our knowledge and belief where necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. The Balance Sheet and Statement of Profit and Loss and Statement of Cash Flow dealt with this report are in agreement with the books of account;
 - d. In our opinion, the Balance Sheet and Statement of Profit and Loss comply with the AS specified in section 133 of the Act, read with relevant rule issued thereunder.
 - e. On the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164(2) of the Act.

- f. With respect to the adequacy of the internal financial controls over financial reporting of the company and operating effectiveness of such controls, referred to our separate report in “**Annexure B**”.
- g. With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h. With respect to other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditor) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:

(a) The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its consolidated financial statements - Refer Note (vii) of Annexure - A to the consolidated financial statements

(b) The Company did not have any long-term and derivative contracts as at March 31, 2024.

(c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2024.

(d) The management has;

(i) represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or

- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(ii) represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

(iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (d) (i) and (d) (ii) contain any material mis-statement.

(e) The company has not neither declared nor paid any dividend during the year under Section 123 of the Act.

(f) Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023. Based on our examination, which included test checks, and other generally accepted audit procedures performed by us, we report that the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility the same has not operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with

ANNEXURE “A” TO THE AUDITORS’ REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Fabino Life Sciences Limited** ('the holding Company') as of 31st March, 2024 in conjunction with our audit of the Consolidated Financial Statements of the Company for the period ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
